DATE OF DESCRIPTION 2004

DESCRIPTION Station is located at the south entrance to Yellowstone National Park. Bench mark is 25 yards west of the bank of Snake River, 60 yards east of the highway, about level with the highway, about 8 m east of the southeast corner of the Snake River Ranger Station, and in the top of a gray rock.

Looking west from Snake River bank at bench mark (beneath person), Snake River Ranger Station Building, main road, and South Entrance station.

Close up of mark.

Looking east from main road along south side of Snake River Ranger Station building at bench mark (beneath person).
